NAME：KXLA-0319F Rectangle coil winding machine

KIOXIA LIGHT RING EQUIPMENT GROUP CO.,LTD.
Add: Building G, No.209 Zhonghuan East Road, Free Trade Zone (Airport Economic Zone), Tianjin

KIOXIA LIGHT RING EQUIPMENT GROUP CO.,LTD.

TEL/WhatsApp: +86 17622605414

Mail: admin@transformercoilwindingmachine.com

Web:www.transformercoilwindingmachine.com

SPECIFICATION:

Wire size	**0.5-1.6mm （Single enamelled copper wire, multi-wire winding, the combined strength does not exceed the maximum value）**
Finish the outer length/width	**60-300mm**
Minimum the inner length/width	**45mm**
Maximum finished height	**60mm**
Magazine width	**4-18mm （Optional） Standard configuration （8mm）**
Magazine perimeter	**720mm**
Max winding speed	**250rpm/min**
Controller storage capacity Programs	**50*20set (1000 running programs)**
Weight	**120KG**
Dimension	**650*500*700mm**

FEATURES:

1.KXLA-0319F Rectangular Coil Winding Machine are advanced,strongly built workhorses capable of winding light as well as heavy wire without insulation damage.

2.The open gap gear rack and hinged gap magazine of Rectangular Coil Winding Machine facilitate core change ,maximzing output.

3.Easily exchangeable magazines secure maximum flexbility.

4.Rectangular Coil Winding Machine can adopts the gear type winding heads,one winding head and interchangeable roller table with different size shuttle (magazine) for different dimensions coils and different wires and tapes,turns,so that to reduce the cost.

5.Extremely powerful,maintenance free AC motors for main drive and core rotation.

ADVANTAGES:

1. Wide range of application, Large range of Speed adjustment, wide range of the wire diameter, Multi-style of core,

2.Brake tension adjustable, Good settlement for large outer diameter, small inner diameter, heavy wire coils.

3.High production efficiency, increase winding efficiency by adjustment of suitable brake tension,

4.Each wiring part guarantee no wire damage.

5.Parts highly optimized and universal for general use, Easy maintenance

6.Enquiries can be quoted one day service

7.The storage ring has good material and long service life

8.Stable machine performance

9.Communicate parameters in a timely and thoughtful manner

10.Complete specifications and data

APPLICATION:
Rectangular Coil Winding Machine is the best suited to inductor, rectangular transformers,rectangular coil, power inductors,UPS inductor,converter inductor etc.

PRACTICAL APPLICATION :

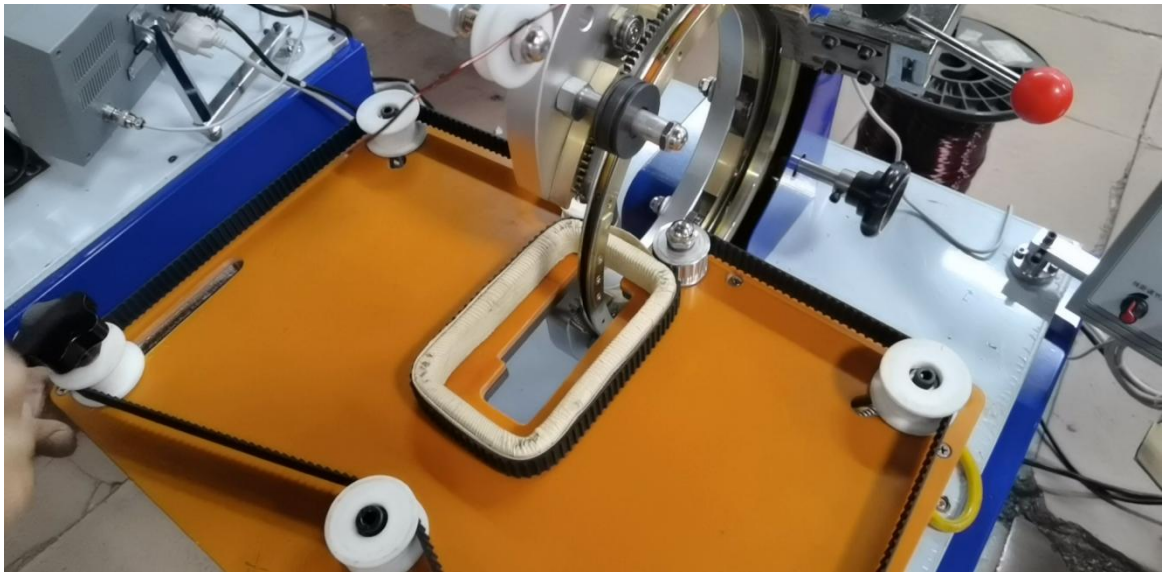

Customer Training for KXLA-0319F Rectangle Coil Winding Machine Operation
1.Our service engineers, each with over 10 years of industry experience, have received specialized technical training to effectively handle various equipment breakdowns and operational issues related to the KXLA-0319F Rectangle Coil Winding Machine.

2.We provide professional guidance on the correct operation and maintenance of the KXLA-0319F Rectangle Coil Winding Machine, along with free expert consultation on electronic product production process technologies for electronic products.

3.To ensure the KXLA-0319F Rectangle Coil Winding Machine operates normally, we offer comprehensive training on its operation, usage, and maintenance through multiple channels: English manuals, instructional videos, and real-time online

guidance.

PACKAGING:

Packaging Material: Carton/Wooden case with foam inside.
1.General package(Paper carton or plastic bag): For small euipped parts for Hook Type Transformer Winding
Machine, Package it with form and pack paper to guarantee unbroken during the transport.
2.Wooden case package: For larger scale Hook Type Transformer Winding
Machine,we have special skilled
carpenter, who would make the proper wooden case with exact thickness,density,length. The up arrow ↑marked on the outer wooden case. Buffer material would be put in the wooden cas e to prevent crack and shock.

FACTORY:

KIOXIA LIGHT RING EUIPMENT GROUP CO.,LTD., founded in 1993, has established itself as a renowned manufacturer specializing in high-performance winding machines along with associated production technologies. The company offers highly cost-effective manufacturing solutions for producing various wound components such as transformers and chokes, with its KXLA-0319F Rectangle Coil Winding Machine being a notable example of its quality equipment
lineup.
